

Invest & Invite Script

Here is a script you can use when inviting friends to church:

"How would you like to attend church with me this Sunday?

It will be the best 90 minutes of your week. Wear casual clothes because my pastor usually wears a pair of jeans.

And bring your whole family because we have a nursery, children's ministry and youth ministry during the service, so you don't have to worry about your kids disturbing you during the worship.

Also we have a 'live' band that plays contemporary music that is truly uplifting.

So what do you think? Would you come out with me this weekend? We have three service times to choose from: 7, 9 or 11 a.m."
